Course Details

Join us at the Saddlebrook Course designed by golf legend Arnold Palmer. The course incorporates wilderness areas full of cypress, pines, palms and wildlife with rolling fairways and well-maintained greens. The Saddlebrook Course opened with new greens in December, 2006, with narrow tree-lined fairways and water on most holes. Thanks to the convenient design, the first tee and the 10th tee of the Saddlebrook Course are located at the center of the resort, adjacent to meeting and guest rooms, restaurants and shops.
